Poniżej są przykładowe opisy

SARAH

I answer the phones and take messages, messages, and I meet people and introduce them to my boss when there's a business meeting. I'm usually the first person that people see when they walk in the office. There are a lot of people coming and going, and everyone knows me. I like my job because it's never boring. When it's not busy, I get to read the paper, but that's not often.

MARK

I like my job, because I work with my fri with my friend Tom, and we're outside all day. When it's raining, we just stop for a while or work inside.

We work all over the city, and we see lots of nice neighbourhoods. We spend only a few days on each house, so there's a lot of variety. We keep all the paint in the back of my pickup truck.

JOHN

I never know what I'm going to see when when I I go to work: Accidents, fights..... in a big city like this I see everything.

It can be dangerous. I have to be in good shape because I have to move fast, and usually I have to lift people into the ambulance. I have to stay calm, and talk to people, to get them to relax... Usually they're pretty upset.

MARY

I work part-time to help pay for my college. I work in the evening; it's the busiest time. I have to wear a black skirt, which I hate, but otherwise the job is OK. I'm usually so busy that the time passes really quickly.

Most customers are nice and polite. Lots of people come here all the time. They give the biggest tips. Sometimes someone complains, but not often. If customers don't like their food, I give them something else.
